Italian Trend for Wall

COLLECTION

MODERNA

A game of creative experiences

A new intriguing dimension in which the stylish language is defined by a modern symbolism rich of pure shapes, organic lines and natural fibers allowing to play with the fantasy and discover imaginary landscapes.

A fluid, inspiring and creative design.

Moderna was born from the synergy between the shades of colors and sophisticated textures: the new concept of the wall evoking beauty and emotions being able to create luxury and enveloping atmospheres in balance between dream and reality.
