TERRA

Racconti visivi ispirati a gradienti e forme naturali per una vera e propria immersione essenziale e materica.

Dal sapiente accostamento di motivi geometrici e trame irregolari nasce la nuova collezione di Cristiana Masi, la quinta essenza dell'eleganza sobria che non rinuncia però a leggeri tocchi di vivacità.

Le scale cromatiche rappresentano un ritorno alle origini dove le tonalità neutre si tingono di diversi caratteri per creare un senso di confort e relax, mentre le forme si connettono alla Natura con segni minimali e fluidi.

Terra stabilisce una nuova e raffinata visione del living, consapevole e contemporanea.

Visual tales inspired by gradients and natural shapes for a real essential and material immersion.

Thanks to the skilful combination of geometrical motifs and irregular textures, Cristiana Masi gives birth to her new collection becoming the quintessence of a sober elegance not renouncing to light liveliness touch.

Colour scales represent a return to origins where neutral tones are tinged by different characters to create a sense of comfort and relax while shapes are connected to nature with minimal and smooth signs.

Terra establishes a new, refined, aware and contemporary vision of living.
